

Tossing their way to a record

Six hundred and fifty residents from Pasir Ris gathered for a record-breaking lo hei session at Pasir Ris Elias Community Centre yesterday.

They formed the character "yuan" and were awarded a record for the Longest Lo Hei In A Chinese Character Formation by the Singapore Book of Records.

The group also recorded the highest number of people wearing aprons in a location.

Lo hei, the tossing of raw fish salad, is practised during the Chinese New Year to usher in good tidings.
