## Looking for love

When you are dangling at least 60m above sea level inside a cable car with your date, romance is definitely in the air.

Mount Faber's cable cars provided the venue for a speed-dating event yesterday organised by the Family Life Champion of Ayer Rajah-West Coast constituency, Ms

Pauline Sim, and supported by the People's Association.

The cable car dates – the finale of "Speed Dating on Air, Land and Sea" – drew some 60 singles, including (from left) Mr Ivan Chan, 32, Ms Ng Ling Li, Ms Claris Wong and Mr Chan Meng Teck, 27. The two women say they are in their mid-30s.
